Locking Toward Sunsay - From Sources O and New, Original and Selected. By L. Mar. Child. Besten Ticknor and Fields. 1804, This book, considered merely as a work f art from the hands of its publishers, is marvel of taste and beauty. Any other body than this beautiful one would ill befit he more beautiful soul it incarnates. The im of the book is seen in these prefatory ords of the authoress: "When I was myself near the fairy-land of childhood, I used my pen for the benefit of children ; and now that I am travelling down the hill I was then ascending, I would fain give some word of consolation and cheer to my ompanions on the way."

Such being the aim of the volume, its pirit throughout is in keeping, and that cheerfulness, serenity, or spirit of humaniiv, which is the peculiar mark of wisdom haracterizes the book. Selections are nade from Cicero, Zschokke, Uhland Richter, Tennyson, Dickens, Bryant Wordsworth, Burns, Hood, and scores of her writers, and livers, and enjoyers of

Nature and life. The tone of the book is not for a moment entimental,"-a calamity which might asily befall, in cases of many authors and mpilers. A mind well cultured and a ripe eart brought together this cheerful company of kindred spirits, in this more than Century Club, before which each in turn hights the others and all the world with he utterance, in preseor verse, of their own xperience and joy of life.

E QUEES OF THE COUNTY, A Novel, Loring This book, elegantly endued in handme type, clear paper, and neat binding y Mr. Loring, will have a wide circulation nd will be perused with interest, though not by the most critical or cultivated readers. It is a better book than its predecessor 'Margaret and her Bridesmaids," by the me author. Its plot possesses interest ed there is a certain power and beauty in me of its descriptions which reveal unieniable literary ability. But the authoress will never climb the heights of fame as a with any but the most ephemeral success. The volume is for sale by J. B. Cobb and
